50L UNIVERSAL ECONOMY VEHICLE SPILL KIT BAG

SpilMax® Universal Vehicle Spill Kit Bags are made of tough PVC that will keep the contents dry. These spill kits are ideal for stowing in vehicles in the boot or behind seats. They are also suitable to store in the cabin of trucks or heavy equipment. The strong carry handles allow the bags to be hung on the wall in spill prone areas. This spill kit is light weight and easy to carry.

The absorbents in a Universal Spill Kit are designed to absorb a wide range of liquids including water, oils, fuels, diesel, coolant, general workplace chemicals and common agricultural chemicals.

Since these absorbents also pick up water, they are not recommended for oil on water spills.

Spill kit instructions are on the outside of the bag for easy reference.

SPILL KIT	TOTAL WEIGHT	DIMENSIONS	REFILL
CHUSK7	4kg	0.50mL x 0.20mW x 0.50mH	CHUSK07
